Introduction to Statistical Analysis	Teaching Assistant	Spring 2018, Fall 2019	4.82
Energy Economics and Policy	Teaching Assistant	Fall 2017	N/A

Selected Student Comments:

Program Evaluation (Instructor)

“Overall, great class, very enjoyable & interesting!”

“No cap, one of the best educators I have had at A&M and she is a PhD student. She presented material well and in multiple ways to dispel any confusion. Read the faces/reaction of the class well to know if she needed to explain further or make sure there weren’t any questions. I enjoyed this course a lot and 99% of that was having Ms. Kelly as the teacher.”

“Thanks Andie! You’re a great professor.”

Introduction to Statistical Analysis (Teaching Assistant)

“Great, clarifies a lot!”

“Clarifies & answers questions, very helpful, well thought out slides.”

“Very helpful review of the week—helped solidify knowledge from the actual class.”
